dREAMSCAPE also celebrates its 10th year anniversary with the launch of its mobile app. Fitri Tresnawida, president director of dREAMSCAPE said in a statement, "It's a new phase for dREAMSCAPE with the launch of our app. Not only will we keep servicing customized requests, we will also expand by launching ready made products and small group journeys, which allows luxury travelers to meet like-minded people."

Fitri mentioned that dREAMSCAPE's small group journeys are very popular among its clientele, with "Chasing The Aurora" in Finland being the most popular package. In this package, travelers will stay in an igloo, and have the experience to see the natural phenomenon, Aurora Borealis. "The Aurora Borealis package is by far the most popular, we have a long waiting list. To go in 2018, you'll have to sign up this year," she said.
